Radnor Township School District

The mission of the Radnor Township School District is to inspire in all students the love of learning and creating, and to empower them to discover and pursue their individual passions with knowledge, confidence, and caring to shape the future.

2017 -2018

Elementary School Parent/Guardian Handbook
2017- 2018

Radnor Township School District Elementary Schools

Director of Elementary Teaching and Learning:
Dr. Anthony Rybarczyk

Ithan Elementary School

Wayne, PA  19087
Phone: 610-687-8480
Principal:  Mrs. Nancy Ferguson
Assistant Principal:  Mr. Gabriel Savage
Message to Parents and Guardians:

The elementary program of the Radnor Township School District is designed to provide your child(ren) with experiences and opportunities to meet their individual needs and stimulate learning in all developmental areas, including; social, emotional, physical and intellectual.

Please take the time to thoughtfully read through this handbook and review the components with your child(ren). The intention of this handbook is an attempt to gather the various items and procedures the District believes to be helpful to you and your child(ren) in being engaged with the Radnor Township School District Elementary school program.

As you use this publication, we are sure that you will have suggestions and ideas for including additional information. Please communicate your ideas in writing to the school office so they may be considered for inclusion of next year’s edition of the handbook.

Have a wonderful school year,

Dr. Anthony P. Rybarczyk
Director of Elementary Teaching and Learning
Radnor Township School District

SCHOOL SCHEDULE

Daily Schedule
The schedule is based on a five-day rotating cycle. The first day of school for students is DAY ONE followed sequentially by day TWO through FIVE. The cycle is based on student days only: weekends, holidays and in-service days are not assigned a numbered day. The schedule will be posted on the school calendar and also can be found on the school menu for the month. The numbered days WILL NOT change throughout the school year. If a school day is cancelled for any reason that numbered day will be assigned as a make-up day at the end of the school year. Attention to the daily schedule will be important so that students have the necessary items such as sneakers for gym, books for library, or instruments for lessons.

Please Note: All before-school and after-school clubs and activities will follow a Monday through Friday schedule.

School Hours
At 8:50 a.m. students are permitted to enter the building and at 9:00 a.m. instruction begins. The school day ends at 3:30 p.m. Buses arrive at school each morning between 8:45 and 9:00 a.m. Students being transported by parents/guardians should arrive no earlier than 8:45 a.m. Prior to that time no one is on duty to supervise children outside. The drop-off area in the morning is the parking lot traffic loop rather than the bus loop. The driver may not park and leave the car in the drop-off area. Parents/Guardians who need to enter the school for any reason must park in a legitimate space in the parking lot.

Late Arrivals
Students who arrive after 9:00 a.m. are considered tardy. This is recorded on the student attendance sheet and entered into the record. Students who report to their classroom without first signing in at the office will be asked to return to the office for a “late slip.” After ten recorded lateness arrivals, parents/guardians will be contacted by mail and action may be taken if lateness becomes chronic. Parents/Guardians must accompany their child, sign them in at the office, and provide a reason if arriving after 9:00 a.m.

Dismissals
All students are dismissed at 3:30 p.m. Buses depart at the end of school day starting at 3:35 p.m. so that students should arrive home between 3:55 and 4:20 p.m. If a child does not arrive home within a few minutes of the expected time, parents/guardians should contact the transportation department directly at (610) 293-1947. A representative from that office can call the bus driver on the cellular phone installed in each bus to determine the reason for the delay.

If a student is not on the bus as expected, parents/guardians can contact the school office (before 4:30 PM) to see if an after-school activity is taking place. Occasionally a student may miss his/her bus because he/she may take too much time in getting to the bus loading area. When that happens, we contact parents/guardians to either pick up the child at school or arrange for a friend or relative, who is indicated on the emergency card or has given a verbal permission to school staff that allows parent/guardian approval, to provide
transportation. Occasionally, students come to the office and try to arrange “play dates” near dismissal time. We cannot allow these last-minute changes in after-school plans.

**Dismissal Changes**

Written notification is required for all changes in a child’s regular dismissal schedule. This includes but is not limited to:

- car pickup instead of transportation by the bus
- going home with another child (please note that a child may **not** ride a different bus in order to go home to another child’s house)
- being picked up by someone other than the custodial parent or guardian.
- attendance at an after-school activity
- early dismissal (see below for further details)

Permission will be denied to anyone attempting to pick up the child without your consent. For security reasons we are very careful about authorizing a student pickup based on a phone call to the school.

Notes should include the child’s grade, teacher name, and requested dismissal change. Without a note, children will be expected to board the bus.

**Early Dismissals**

We appreciate parents’/guardians’ efforts to schedule appointments outside the school day. Although we recognize there are times when this may not be possible and it is necessary for a child to leave school early, the note should include: the child’s grade and teacher name, the requested dismissal time and reason. All children must be signed out at the office if they must leave school before the regular dismissal time. At the requested dismissal time a parent, guardian, or authorized adult must report to the office to meet the child. Please do not arrange with your child to have him/her meet you outside the school during the school day. They will not be permitted to leave the building.

**Half-Day Sessions**

When school is in session for a half day due to professional staff development or parent/teacher conferences, grades K – 5 dismiss at 12:00 p.m.

**Before and After School**

For parents/guardians requiring childcare before 9:00 AM or after 3:45 PM, there is an extended day program. This program is operated by Family Support Services of Delaware County and offers childcare for students in kindergarten through fifth grades before and after the school day. Transportation is the responsibility of parents/guardian. The before and after school program opens at 7:30 a.m. and extends to 6:00 p.m. after the close of the regular school day. Fees are charged for this childcare program, which includes both part-time and full-time arrangements to meet the needs of the families served. Call (610) 352-2839 for details, fee information, and enrollment forms.
SCHOOL ATTENDANCE

Attendance Policy (Refer to Policy No. 204)

Excused Absence
According to the School Code of Pennsylvania, an excused absence of a student may be for any one of the following reasons:

- illness, injury, recovery from accident or quarantine
- medical appointments that cannot be scheduled outside the school day
- required court attendance
- death in the immediate family
- impassable roads
- school-sponsored educational trips and tours
- pre-approved trips (up to five (5) days per year)
- approved religious holiday
- exceptionally urgent reasons

Absence Due to Religious Holidays
Absence due to religious holidays will be an excused absence provided a written parental request is submitted. The Board shall, upon written request of the parents or guardians, release from attendance a student participating in a religious instruction program acknowledged by the Board. The District shall not provide transportation to religious instruction.

Absence Due to Family Trips
Absences due to family trips are expected to be of an educational nature, and are limited to five days per school year, with prior application and approval at the building level. The interactive nature of teaching and learning cannot be duplicated when missed in a classroom. Written work may be made up upon return to school. Students will be held accountable for the skills that were presented in the classroom during the absence. This may result in a lower test score or a reduced grade if there are gaps in skills caused by the absence. We urge parents/guardians to weigh the advantages and disadvantages of these experiences when making travel plans that may result in absence from school. Teachers are not required to provide assignments during the child’s absence.

A written explanation of all absences from a parent or guardian must be received within three days of a child returning to school. If a student is absent for three or more consecutive days, school authorities may require written verification from a physician that the absence is justifiable. The statement from a medical doctor must state the date of treatment, expected return of the student to school, and limitations, if any. If written verification of the reason for absence is not received within three days of the return to school, the absence will automatically be recorded as unexcused. The mere fact that a parent/guardian has written an excuse does not mean the absence is excused. Reasons for absence of a doubtful nature are subject to administrative review. The attendance of students with twenty or more days absent will be subject to administrative review. (Reference Policy 204)
Parents/Guardians will be contacted by mail and action may be taken if absences become excessive.

**Unexcused Absence**
An unexcused absence includes the absence of a student for reasons not listed above. Examples of unexcused absences include but are not limited to:

- illness of another family member
- helping the family to move, babysitting/child care
- missing the bus
- oversleeping
- leaving school without authorization, truancy, etc.

After ten (10) days of unexcused absences (i.e. a trip that will exceed 10 days), students will be dropped from the active membership roll and parents/guardians will need to apply for readmission if they wish to have their children return to school.

**Partial-Day Absence**
Partial-day absences may not be taken, and will not be excused, on a regular basis. If such an absence requires that a student will arrive late to, or leave early from school, she/he must provide a written excuse from the parent(s) or guardian(s).

**Safe Arrival Program**
Please let us know each day your child will be absent by calling the school safe arrival service:

- **Ithan:** 610-527-1357 press 3
- **Radnor:** 610-788-9300 press 3
- **Wayne:** 610-687-8480 press 3

This number is available 24 hours a day. Please leave a voice-mail message explaining the absence. This includes absences due to illness as well as vacations, appointments, and other plans. This system supports our safe arrival program. The safety and security of your children are very important to us. Please help us in this effort by leaving a recorded message at any time, day or night. Calls can be made in advance as soon as the dates of absence are known. Parents/Guardians who do not call to report an absence will be contacted at home or their place of work after 9:00 a.m. to verify the child’s absence from school. A quick phone call can save some anxiety later as we account for each child.

**Holidays and School Attendance**
Excused absences are granted for recognized religious holidays and for services regularly observed by a person practicing their faith. This policy applies only to the day of the holiday and does not include absences for travel prior to or after the holiday. We will make every effort to avoid scheduling tests on religious holidays. Students will be given the opportunity to make up missed assignments for excused absences on religious holidays.

**Weather-Related Attendance Issues**
Decisions to close school or delay the opening are made by the Superintendent, in consultation
with the transportation department, and are based on the health and safety needs of our students. When school cannot be opened on time, or when school is dismissed early due to inclement weather, information regarding school closings can be accessed through the following media:

- KYW 1060AM
- WCAU 1210 FM
- WCOJ 1420FM
- www.kyw1060.com
- District Emergency Closing Line: (610) 688-8104
- District Website: www.rtso.org
- School Messenger

If you do not see Radnor School District please assume school is in session and operating on the regular schedule.

**Emergency School Closing/Delayed Opening**

**Emergency School Closing Number #457**

**Delayed Openings**
In the event of a two-hour delayed opening, school will begin at 11:00 AM. Parents/Guardians are asked not to drop off students prior to 10:45 AM. Lunches will be served at their regularly scheduled time. Any before-school activities such as Computer Club, instrumental practices etc. will be cancelled on late-start days.

**Extended-Day Schedule**
The extended-day program will also operate on a two-hour delay schedule. Since it usually opens at 7:30 a.m. on the regular schedule, it will be open to receive students at 9:30 a.m. on delayed-opening days.

**Emergency Closings**
We urge parents/guardians to make contingency plans for childcare on days when openings are delayed or school is cancelled. It is imperative that your children know what to do and where to go should such an emergency occur. When school closes early, staff members will refer to the Emergency School Closing Form that parents/guardians fill out in September. This form lists all phone numbers *(i.e. home, work, cell phone, etc.*) where parents/guardians can be reached during the day. Also listed are the phone numbers of a trusted neighbor, friend, or relative who has been indicated on the emergency card to be contacted if we are unable to reach the parents/guardians. Parent(s)/Guardian(s) will be notified beyond the use of the School Messenger system only, if requested.

Families are strongly urged to pick up their children from their assigned bus stop. Additional traffic around the school may be hazardous and should be avoided.

**Individual School Closing Due to Emergency Conditions**
If emergency conditions warrant, a decision to close an individual school will be made during the normal school day. Because the safety of the children is paramount, students may be transported to a safe area, which will be one of the other RTSD schools or a building located near the school site. Staff will contact parents/guardians and ask
them to pick up their children or arrange for transportation with a neighbor or friend. In these rare instances, students will be released to a “designated adult” when we are confident that it is in the best interest of the student. Otherwise, students will remain in the safe area and be dismissed at the normal time with regular bus transportation provided.
TRANSPORTATION

Bus
Bus transportation to and from school is provided for all elementary students who reside within the district’s boundaries. Students are picked up at designated stops prior to 9:00 AM and returned to the same stops after 3:35 PM. Families will receive notice near the end of the summer vacation announcing bus pick-up and drop-off times. The card will also list the designated bus stop. Should you have any problems with or concerns regarding transportation, please direct all inquiries to the transportation office at (610) 293-1947 or by calling the district receptionist at (610) 688-8100 and asking for the Director of Transportation at extension 3365.

At no time are students permitted to ride buses other than their own. If a play date is scheduled the students must be transported by car. Students are not allowed to board or disembark from their assigned buses at any place other than the designated stop. However, with a note signed by the parents/guardians, verified by the office, and presented to the driver, a child may disembark at another stop on his/her own bus route. The only exception is made for childcare that is daily and for an extended period. This change must be requested in writing to the principal.

Bus Safety
To ensure all students’ safety, all rules while waiting for buses, traveling on vehicles, and arriving at school must be followed. The following rules must be observed at all times:

- Be seated at ALL TIMES when the bus is in motion.
- Keep aisles clear at all times.
- Observe good manners while waiting for, boarding, riding, and leaving the bus.
- Keep all parts of the body inside the bus windows at all times.
- Obey all instructions or directions issued by the driver.
- Students should wait for the bus in a safe place well off the roadway.
- Students must form lines to board the bus.
- Students must be alert to traffic, particularly when leaving the bus.

Any reported infractions that occur on the bus regarding bus conduct and behavior will be investigated by the Director of Transportation and school administrator. Repeated violations may result in loss of bus transportation services.

Bus Conduct Reports will be issued to any student involved in an incident on the bus or at the bus stop requiring disciplinary action. These reports are forwarded to school administrators, who meet with the students involved. Parents/Guardians are asked to sign the report and return it to school indicating that they have received the report and discussed it with their child.

Our school buses are equipped with video cameras to document student behavior on the bus. Cellular phones are also on each school bus for immediate communication.
STUDENT and SCHOOL-RELATED PROCEDURES

Residency Requests
Resident elementary students attend the elementary school designated for their area of residence. Requests of parents/guardians for a child to attend an elementary school in the district outside the attendance area must be submitted in writing to the Superintendent of Schools. If the request is granted, it will be with the understanding that the parent/guardian provides transportation to and from school.

Assemblies and Concerts
In order to offer a quality experience, we ask our student audiences at concerts to show respect for the performances by observing the following:

- Enter the area quietly and sit in designated seating areas
- Remain quiet and seated during the performance
- Sit cross-legged rather than kneeling
- Show appreciation with applause
- Wait for a signal to depart before standing and leaving

Due to space limitations in our entertainment space, we are unable to invite families to attend assemblies and programs unless specifically indicated for such specific events. Of course, families and friends are welcome to attend the evening concerts/events presented by students. We ask audiences to observe the following important guidelines:

- Visitors must sign in at the main office
- Do not enter or leave during a selection
- Please refrain from chatting during a musical selection with those seated near you
- Be polite in recording or photographing so as not to obstruct anyone’s view
- Younger siblings are invited to any student concert held in the evening. However, they must remain with parents/guardians, seated and quiet during the performance
- Food and drink are not allowed in the cafeteria during a performance
- All cellular phones and pagers must be turned off or switched to a vibrating signal during a performance. Out of respect to the performers and the audience, individuals must go outside the performance space to conduct a conversation on a cellular phone

Mandated Reporting
All educators are mandated reporters of suspected child abuse/neglect. To ensure the safety and wellbeing of every child, whenever there is reasonable cause to suspect child abuse or neglect, teachers, administrators, and nurses are required BY LAW to report to the appropriate county and/or local authorities.

Child Custody Issues

Children of Single, Separated, or Divorced Parents/Guardians with Custody Decree
At the time of registration, the parent/guardian must present a copy of the custody
agreement to the school principal or designee. The school district will follow the terms of the custody agreement. A copy of the document will be maintained in the child’s school file. As this form is updated, please remember to inform the school staff.

**Children of Single, Separated, or Divorced Parents/Guardians with No Custody Decree**

All parents/guardians will be allowed access to the child as well as to all data pertaining to the child. This includes progress summaries, educational and health records, the right to attend conferences and school activities, and all regular and routine correspondence distributed through the U.S. postal service. We will not routinely send copies of flyers, school newsletters, calendars of events, etc. that are given to the children to take home. The person with whom the child is living will routinely receive the information which is distributed to families via the students. A non-resident parent/guardian may request in writing the same information. This request should be addressed to the building principal. It is the responsibility of the non-resident parent/guardian to keep the school informed of current addresses and phone numbers. We will make reasonable efforts to comply with these requests.

The parent/guardian with whom the child is living will be the primary contact and will be notified in the event of serious accidents at school requiring medical attention.

**Confidentiality**

No information concerning any student can be released to any other school, agency or individual until an authorized release form is signed by the parent/guardian. Parents/Guardians can access their child’s school records by arranging an appointment to view the record with the principal or his or her designee. For additional information regarding the policy on student records contact the principal’s office.

**Dress Code**

The following recommendations for student dress for Ithan, Radnor and Wayne Elementary Schools have been developed for safety purposes and to ensure that no student becomes the focal point of teasing or ridicule because of inappropriate clothing worn to school. Students should not wear:

- short shorts
- short skirts
- pants that expose underwear
- low-cut tank tops
- halter/tube tops
- mesh shirts
- low-cut shirts with spaghetti straps
- shirts that expose the midriff
- flip-flops, wheelies, or shoes that cause imbalance or inability to maneuver quickly or safely
- expensive jewelry which a student could lose during school
Students should not wear clothing that is disruptive to the educational program or activity in which they are participating. In the spirit of a drug-free environment, clothing which advertises the use of alcohol, tobacco or a controlled dangerous substance may not be worn to school. In addition, clothing which displays inappropriate words and graphics may not be worn to school. Hats (baseball, sun hats, etc.) must also be removed when entering the school building.

If a child comes to school in inappropriate attire, the following procedures will be followed:

- A student wearing a hat/shirt displaying inappropriate words or graphics will be required to take the hat off and/or turn the shirt inside out and informed not to wear it again to school
- For all other inappropriate dress, the student will be required to call home
- If the student returns to school again dressed inappropriately, parents/guardians will be asked to bring in a change of clothing
- If the parent/guardian is unable to come to school, the student will be given something appropriate from the nurse’s office to wear so the child does not miss instructional time
- If the student wears inappropriate shoes, he/she will be told not to wear them to school again because of safety reasons

Students must wear sneakers on days when they go to physical education or wellness class.

**Dress Guidelines for Outside Play**

We encourage all children who are well enough to attend school to spend some time outdoors during scheduled recesses. Even when the playground is covered with snow, we will try to have some outdoor activity. However, students are not given the option of remaining indoors while the class goes outside for recess. Therefore, all students must bring warm jackets, mittens or gloves, and a head covering, and be prepared to go outdoors. In severe weather conditions when temperatures or wind chill factors below 20°F may present a hazard to the health and safety of our students, we will limit the time outdoors and/or schedule an abbreviated recess period.

We know that weather conditions can change frequently. A balmy day in January might be followed by a blast of cold weather. Unseasonably warm weather brings out the shorts and light jackets that are not appropriate for the brutal days that follow. Please make sure that children are appropriately dressed for winter weather. Help your child monitor daily weather forecasts and conditions to make sure they are adequately dressed for the day’s activities. If it is determined that a child is wearing attire that may be detrimental to his/her health, the child will not be permitted to go outside.

**Electronic Devices and Cell Phones**

Cell phones, CD players, radios, iPods, mp3 players and other mobile devices are not permitted to be used during the school day. Items will be confiscated and returned to the students at the end of the day. Repeated problems will result in the parent/guardian being responsible to pick up the device at school. As with all other valuables, the school is not responsible for lost or stolen property.
DURING THE SCHOOL DAY, ALL DEVICES MUST BE TURNED OFF AND KEPT IN THE STUDENT’S BOOKBAG.

At the elementary level, it is recommended that students not bring any electronic devices. Children have access to adults and the school office to communicate with parents/guardians. Please contact the school office if you have any need to communicate with your child.

Emergency Information Cards
It is imperative that each family fills out an emergency information card at the beginning of each school year. This card tells us where parents or guardians can be reached in the event of an emergency. Families must also indicate a trusted neighbor or friend we can contact in the event that we cannot reach the parent or guardian. Please make sure you update the information should there be any changes during the school year. All cards are kept in the school office.

Field Trips (Refer to Policy No. 121)
Throughout the school year, students take a variety of field trips. These trips are coordinated by teachers and team leaders by grade level. Field trips relate to our curriculum by taking students to places that they have learned about in the classroom. We recognize that learning can occur both in and out of school.

Teachers spend a great deal of time in planning and coordinating a quality experience for the class. Students who choose not to participate in field trips must still attend school. During the time of the field trip, they will be placed in another classroom with appropriate class work. Unless the student is ill, staying home during a field trip does not constitute an excused absence.

Prior to each trip, parents/guardians must sign permission slips. Fees are collected to offset the cost of transportation and admission charges. Parents/Guardians often accompany their children’s classes on field trips at the request of the classroom teacher. Parents/Guardians are responsible for their own admission charges. At times the number of parents/guardians who wish to participate is more than we can accommodate on our buses or at the field trip site. When that situation occurs, teachers will choose from among the volunteers in order to limit the size of the group. We reserve the right to determine who and how many will accompany the class. Many teachers ask for volunteers and then select from a pool of submitted names. Other times there is no limit to the number of parents/guardians who can participate. We make the best educational decision we can, given the nature and purpose of the activity.

For parents/guardians choosing to volunteer time as a chaperone on a field trip, they must comply with Policy No. 916, Volunteers in obtaining the required clearances dictated by state and federal law, based on the type of field trip.

The role of parents/guardians during these outings is vital to the success of the field trip. Parents/Guardians serve as chaperones and must supervise a small group of children throughout the day. The responsibilities of chaperones include accompanying children to restrooms, assisting with activities, pointing out information, maintaining discipline, and other duties as requested by the classroom teacher.
Due to these responsibilities parents/guardians who agree to chaperone are not permitted to bring younger children with them on the trip. The classroom teacher is in charge of coordinating details such as schedules, organization of groups, observing rules and regulations, and directing parent/guardian volunteers. The safety and security of children is our utmost concern, and we value the support of parent/guardian volunteers who will assist us in this mission.

**Food Service Program (Refer to Policy and Administrative Regulations No. 808)**

**Menus**
Our school cafeteria provides a multitude of choices for a healthy breakfast and lunch. Under the guidance of the district’s registered dietitian, well-balanced, nutritional weekly menus are developed for students wishing to purchase hot meals. Pizza days are always a favorite! Breakfast and lunch menus can be found on the district and school website. As an alternative to the complete platter that is offered, students may choose a pre-made salad or a grab and go lunch, consisting of yogurt, cheese, cereal, fruit, juice, and a snack. Students also have the option of bringing lunch from home and supplementing their meal with milk or juice drinks. Snacks such as pretzels and frozen treats can also be purchased at the end of the meal.

**Breakfast and Lunch Prices**
We use a computerized point of sale system for the purchase of food in the cafeteria. The system allows students to deposit money into a computer account to be used for all purchases. Students are assigned an ID# that stays with them as they progress through the school system. Deposits can be made into the computer accounts through the RTSD website, mail or before school in the cafeteria. We participate in the federally subsidized school lunch program that allows families on a limited income to receive lunch at a reduced fee or at no cost.

Information regarding the process to apply for the federally subsidized school lunch program is sent home with all students at the start of the new school year. Families who complete the application will be notified by the food services office if they are approved for the program. Students on the free lunch program do not need to make deposits to their accounts for meals but can make deposits to be used for a la carte purchase.

**Bag Lunches**
Many children choose to bring a bag lunch from home. Please remember that beverages in glass containers are prohibited.

**Birthday Celebrations, Treats and Snacks**
Students are permitted to bring a healthy snack to class. Many teachers give students a snack break either in the mid-morning or mid-afternoon. Many students also keep water bottles at their desks.

   **Gum chewing is not allowed** in school or on the school grounds.

As a result of the increasing number of students with severe food allergies and in an effort to ensure that all of our students remain healthy in our school setting, we ask that you support
each school’s birthday program. We are pleased to introduce an opportunity for each family to contribute a book rather than food treats on the day your child celebrates his/her birthday at school. The children will still celebrate with traditional activities such as birthday crowns, songs and other special opportunities provided by the teachers.

Forgotten Items
Students will not be permitted to return to their classrooms after school has been dismissed to retrieve forgotten items. All classroom doors are locked. The custodians and the night cleaning crew have been instructed NOT to admit children to the classrooms during the evening hours to retrieve forgotten items, school books, or homework assignments. Please do not place them in an awkward position by asking them to go against this school procedure.

Homeroom Placement
Student placement is a critical educational process based on set criteria serving educational purposes. Students are assigned to homerooms in order to achieve a heterogeneous balance. The professionals involved in the school setting, out of concern for the total school program, maintain the right and the responsibility for placement. Although request for specific teachers will not be considered, parents/guardians may provide additional pertinent information about their child, they may submit it in writing to the principal for placement consideration no later than April 15th. Submissions will not be accepted after the April 15th deadline. Please know that the best judgment of the professionals involved will be the primary consideration in student placement.

Homework (Refer to Policy/AR No. 130)
1. Average daily time expectations*/** are as follows:
   a. Kindergarten homework may be assigned occasionally, but should not exceed 5-10 minutes per night*
   b. Grade 1: average of 5-15 minutes of homework per school night
   c. Grade 2: average of 20-30 minutes of homework per school night
   d. Grade 3: average of 30-40 minutes of homework per school night
   e. Grade 4: average of 40-50 minutes of homework per school night
   f. Grade 5: average of 50-60 minutes of homework per school night

   *This includes, but is not limited to independent reading (either independent or with parent(s)/guardian(s), math practice, writing or other activities related classwork.

   **If the amount of recommended time for students to complete assigned homework is exceeding the above listed averages, it is important for the teacher to help identify needs of a student to be successful.

2. Elementary performance indicators reflecting a student’s quality of homework will be addressed through the “Qualities of a Learner” portion of the report card.
3. Expectations for long-term assignments should be balanced with expectations for daily assignments to remain within the parameters of the average daily time expectations.
4. The teacher should use discretion regarding the amount of screen time assigned to the student for homework considering the students may have experienced screen time during the regular school day.

5. In rare circumstances, students having difficulty completing assigned homework may need to complete the work during recess. If a pattern of missed recess occurs, the teacher or school will establish communication between home and school to address the situation.

6. Although not required, reminders of homework assignments may be posted electronically as assigned to the class to which it relates.

7. It is the teacher’s option to offer summer practice and the parent’s/guardian’s option to have the child complete it. Authentic reading/writing/mathematics practice opportunities are encouraged on a regular basis.

8. Long-term assignments are not expected to be completed during non-instructional days

9. Non-instructional days are intended to be for restorative purposes.

**Homework and Student Absences**

When a student is absent due to illness, his/her main concern should be getting better. Therefore, if a child is ill for one or two days, teachers will hold any homework for the student to complete when he/she returns.

If a student is absent three consecutive days or more, parents/guardians may request homework to be sent home. Parents/Guardians are asked to call the main office to request homework. Let the office know if the homework will be picked up, or if it is to be sent home with another child. Teachers would appreciate 24-hour notice in order to gather the necessary materials and to write the appropriate directions for that work. The assignments should be completed when the child returns to school after his/her illness.

**Lost and Found**

**Lost Books**
The school furnishes books to all students for instruction. Students are expected to take care of these books. Lost or damaged books must be paid for before the final progress summary is issued. This also applies to library books.

**Lost But Not Found**

As the school year progresses, we accumulate a significant number of lost articles. It is always a good idea to label all jackets, book bags, sweaters, sweatshirts, hats, boots, mittens, etc. Lost items can be claimed in our lost and found area, which is located in a corner of the lunch room. Periodically, items in good condition, which are not claimed, will be donated to a local charity or homeless shelter.

**Mandated Vaccination Requirements (Refer to Policy No. 203)**

Proof of immunization means a written record showing the dates (month, day, and year) your child was immunized.

- Children in ALL grades (K-12) need the following immunizations for attendance:
- 4 doses of tetanus, diphtheria and acellular pertussis (1 dose on or after the 4th birthday)*
- 4 doses of polio (4th dose on or after 4th birthday and at least 6 months after previous dose given)
- 2 doses of measles, mumps, rubella**
- 3 doses of hepatitis B
- 2 doses of varicella (chickenpox) or evidence of immunity

*Usually given as DTP or DTaP or if medically advisable, DT or Td
**Usually given as MMR

The only exemptions to the school laws for immunizations are:
- medical reasons;
- religious beliefs; and
- philosophical/strong moral or ethical conviction.

If your child is exempt from immunizations, he or she may be removed from school during an outbreak.

- Pennsylvania’s school immunization requirements can be found in 28 PA Code Ch.23 (School Immunization). Contact your healthcare provider or call 1-877-PA-HEALTH for more information.
- Keep a record of your child’s immunizations. Keep this record in a safe place. Your doctor’s office, medical clinic, or hospital may ask for this record. As your children become adults, they may need the record for college, for their job or if they travel out of the country.

***If you have questions regarding immunization requirements, please talk to your school’s certified school nurse. ***

Media Release Forms
We require a signed release form indicating that your child’s image or classroom work may be photographed or videotaped when involved in educational activities as part of the school program. The release form that families are asked to sign includes the following statement:

I hereby grant RTSD the right and permission to publish/use photograph, video and/or audio tapes of my child, and schoolwork crated by my child, to promote my child, school and district through the District’s own media productions and platforms or through external media.

In addition, I accept responsibility, knowing that this release form is on
file for the extent of my child’s career in RTSD. If I deem it necessary to remove such consent, I shall notify the school district in writing of my intent.

*Please note: If your child(ren)’s school(s) does not receive a completed and returned Media Release form for your child(ren), the school(s) will recognize this as your implied consent to allow RTSD to include your child(ren)’s image, audio/visual, and or writing in internal and external media.

New Student Registration
Students entering kindergarten must be five years of age on or before September 30th, and are required to present proof of age for admission. Exceptions are made in rare instances for students who have completed a state-licensed kindergarten program in Pennsylvania or whose school records indicate they have completed kindergarten in another state.

New Families – Kindergarten through Fifth Grade
New families moving into the district may register at any time during the year at the school office. The best time to register is between 9:30 AM and 3:00 PM. Please call to make an appointment. While the school office is open year round, it is closed on most national holidays and Fridays during the summer. It is always a good idea to call ahead to make sure someone is present to accommodate you.

Required Documents
To enroll in school, please gather the following documentation:

1. Immunization record
2. Proof of age such as an original birth certificate or passport
3. Proof of residence in the township such as a deed, agreement of sale for your home, sewer bill, tax number, copy of a rental lease or agreement
4. In the case of legal separation or divorce, please provide a custody decree. The custodial parent/guardian must reside in the township.
5. A physical examination regardless of grade (students new to Pennsylvania only). Parents/Guardians are urged to take their children to their own physician. If it should prove a hardship to have an examination by your private physician, contact the school nurse and an appointment will be made with a school-designated doctor. Special forms are available in the school office for use by the family physician, but many local doctors elect to use their own forms, which we are happy to accept. Any physical examination completed within six months prior to the opening of school will be acceptable, provided the results are recorded on the proper form.

Out of School Activities
The school has no authority or responsibility for activities scheduled by families outside the school day. Consistent with this policy, we ask that invitations for private parties NOT be distributed at school.

Pets
Pets are not permitted on the school grounds or in the buildings at any time. The risk of unexpected behavior by any animal and allergic reactions for our students makes pet visitations
prohibitive.

**Service Animals (Refer to Policy No. 718)**
Service animals are to ensure that individuals with disabilities are permitted to participate in and benefit from District programs, activities, and services

**Procedure and Addressing Concerns**
Whenever parents/guardians have a concern or questions regarding any educational matter, they should address that concern first with the teacher closest to the situation. Most questions can be addressed quickly by contacting the teacher for clarification if handled immediately. If parents/guardians wish to pursue the matter after first discussing it with the teacher they may contact the principal.

**Safety and Security**

**Fire Drills**
Fire escape routes are posted near the door of every classroom throughout the building. Check these maps to determine the fastest and safest escape route. Monthly fire drills for students and staff are conducted as required by state law. When an alarm is sounded, students must listen for teacher instructions, follow directions, and quietly leave the building in orderly lines. Any visitors present in the school at the time of a fire drill must exit the building quickly and quietly and maintain a position at a safe distance from the building until the all-clear signal is issued indicating that it is safe to re-enter the school.

**Money and Valuables**
The school will not be responsible for any money or valuable items lost, stolen, or damaged at school, on the school buses, or during a school-sponsored activity or field trip. At the elementary level, it is recommended that students do not bring any portable electronic devices to school. Please know that portable electronic devices items will be confiscated and returned to the students at the end of the day. Repeated problems will result in the parent/guardian being responsible to pick up the device at school. If a student brings a portable electronic device to school, **DURING THE SCHOOL DAY, ALL DEVICES MUST BE TURNED OFF AND KEPT IN THE STUDENT’S BOOKBAG.** As with all other valuables, the school is not responsible for lost or stolen property.

Many teachers establish a policy limiting the amount of money students may take on field trips in order to buy snack items or souvenirs. Nevertheless, responsibility for any cash or valuable items rests solely with the student and his/her family.

**Security**
For the safety of our students and staff, all parents/guardians and guests are required to sign in at the office when school is in session and wear a special badge during their time on campus. Any person not wearing the necessary identification will be asked to report to the office in order to sign in and secure a badge. Parents/Guardians may not proceed to a playground area or any part of the building without first stopping at the office. This policy applies to our many volunteers, as well as families attending meetings during the school day. All visitors
must enter through the main doors.

**School Calendar**
The district calendar is prepared in the spring prior to the beginning of the school year and is posted on the district website when approved by the School Board. Updated calendars are available on the website. The calendar includes the dates for the beginning and end of the school year, as well as scheduled school and district holidays, staff development days, early dismissals, and parent/guardian conferences.

**Telephone Use**
Each classroom is equipped with a telephone with an outside line. These phones are available for teachers and may not be used by students without expressed permission of the teacher. To help students develop responsibility, we discourage them from calling home for forgotten lunches, musical instruments, or homework. In addition, students may not call home at the end of the school day to make arrangements for after-school activities or visits to friends. We respectfully request that parents/guardians limit messages to students during the school day. We recognize that emergencies will occur and plans will change, but we ask your cooperation in limiting these messages. Certainly, if parents/guardians bring forgotten items to school for their children, then students may come to the office to retrieve them.

Teachers are unable to receive phone calls during the school day. Parents/Guardians who wish to speak to a teacher will be directed to the voice mail system where they can leave a message or ask the teacher to return the call at his/her convenience. **Parents/Guardians must not leave messages on the voice mail system regarding a change in pick-up plans. These calls must be directed to the office staff, who will forward the message to the teacher.**

**Use of Facilities**
Applications for the use of the school facilities are made in accordance with policies established by the Board of School Directors. Anyone or any group wishing to use a part of the school building or school grounds must complete an application (which can be found on the District’s website) and submit it for review to the Building Secretary. Applicants will be notified of the district’s response in writing. Anyone granted permission to use the facilities must remove all litter and debris at the conclusion of the activity and must restrict activities to the designated area cited in the application.

**Visiting the School**

**Scheduled Visitations**
Every year, in conjunction with American Education Week, we invite families to observe their children in the classroom. Dates and times for these special visits are announced in advance. These visits enable parents/guardians to see their children in a classroom setting and to learn more about what and how we teach. Visitors must understand that since the purpose of the visit is simply to observe, they must refrain from interacting with the teacher, their child, or the other students in any way that would detract from the instructional program or interrupt the classroom activities. In the event that there are two or more visitors in the classroom at one time, we respectfully ask that visitors not chat with each other. Visitors are requested to make alternate childcare arrangements for younger siblings and to turn cell phones off or on vibrate while visiting. Visitations at times other than these scheduled
periods must be arranged in advance with the classroom teacher.

**Signing In and Signing Out**
When school is in session, all visitors must enter the main doors and provide a license to print a visitor’s badge before proceeding to a classroom, the playground, or any other area of the building or campus. This policy applies to all families, friends, volunteers, student teachers, and all other visitors. Anyone attending a meeting while school is in session or participating in volunteer work must report to the office to sign in before proceeding to the meeting or classroom area.

**Visitor Badge**
All visitors to school must wear a self-adhesive Visitor Badge while on campus. Visitor badges will be issued once the visitors valid driver’s license has been scanned using the Raptor verification process.

**Withdrawals and Transfers**
Parents/Guardians of students withdrawing from school should notify the school to complete the required process. Records will be mailed upon receipt of a request from the new school. No records will be released without a parent’s/guardian’s signature of consent. Students may request their language arts portfolios for all of the years they have attended elementary school. Contact the office to request this portfolio which will be presented to the student or his/her parents/guardians.
STUDENT and SCHOOL-RELATED POLICIES

Please Note: Parents/Guardians are required to sign a form confirming they have read the below Acceptable Use Agreement and reviewed the content of this handbook with their child(ren) then return the signed form to their school. This form is included in the “Welcome Back Packet” sent home at the beginning of each school year.

Acceptable Use Agreement (Refer to Policy No. 815)

Purpose
The Radnor Township School District believes that all students should have access to technology for learning and should act in a responsible, efficient, courteous and legal manner. Internet access and other online services, available to students and teachers, offer a multitude of global resources. Our goal in providing these services is to enhance the academic development of our students. Acceptable uses of technology are devoted to activities that support teaching and learning. The following are our agreements about the use of technology in our district.

Responsibility
As a citizen of the Radnor school community I promise to use the computer correctly and responsibly.

1. I promise to use all computer equipment carefully and not damage, change or tamper with the hardware, software, settings or the network.
2. I promise not to use any school-related hardware, software or web-based program to harass, frighten, or bully anyone.
3. I promise to use the computer and the Internet for schoolwork only.
4. I promise to use the programs and websites that my teacher has approved.
5. I promise only to share my passwords with my teacher and parents/guardians.
6. I promise to tell an adult if I read or see something on the computer that is inappropriate.
7. I promise to obey copyright laws.
8. I promise only to access my personal email account with teacher permission.
9. I promise to print only when my teacher tells me to do so.
10. I promise only to access my own file and folders on the student server.
11. I promise to publish only appropriate writings, recordings and art work on school related websites.
12. I promise not to give out personal information such as full name, telephone number, or address to anyone on the Internet.
13. I understand that if I break any of these rules, I may lose permission to use computers, the Internet, and/or the school network. There may be additional consequences to violating these rules.

Personal Electronic Devices (Refer to Policy No. 829)
The district does not allow elementary students to use personal electronic devices during the school day or while in before- and after-school activities. Students are also not permitted to use personal electronic communication devices while on district school buses. These devices
include, but are not limited to; netbooks, tablets, eReaders, and cell phones. DURING THE SCHOOL DAY, THESE DEVICES MUST BE TURNED OFF AND KEPT IN STUDENTS’ BOOKBAGS.

As with all other valuables, the District is not liable for the loss, theft, damage or unauthorized use of personal electronic devices.

Students who violate this policy will have their device confiscated and returned at the end of the day. Repeat problems will result in a parent/guardian being responsible to pick up the device at school.

Children have access to adults and the school office to communicate with parents/guardians. Please contact the school office if you have any need to communicate with your child.

**Social Media (Refer to Policy No. 815.1)**
Radnor Township School District elementary students may participate in blogging or other social media activities under the direction and approval of their classroom teacher to further student inquiry, investigation and communication. Students and teachers may not communicate online in ways that are hurtful or inappropriate or share inappropriate media of any kind. Students who do not follow this policy may lose computer privileges, network access privilege or receive other disciplinary action.

**Sexual Harassment (Refer to Policy No. 248)**
All students should enjoy a school environment free from all forms of discrimination, including sexual harassment. No students should be subjected to unsolicited and unwelcome sexual overtures, either verbal or physical, from another student or from a district employee. Reported violations of this policy will be subject to disciplinary action. For additional information on this policy, contact the school principal or the superintendent’s office.

**Anti-Bullying (Refer to Policy No. 249)**
In order to provide a safe, positive learning climate for students in the schools, Radnor Township School District has developed an anti-bullying policy. It is expected that all staff, students and parents/guardians who become aware of any act of bullying immediately report that conduct to the student's teachers, the building principal, guidance counselor or other school employees supervising school-sponsored activities. If teachers and/or other staff cannot reasonably remediate acts of bullying through their own intervention, they should report the bullying in a timely manner to the building principal. Each building principal or designee is authorized to complete an impartial, thorough investigation of the bullying brought to their attention by students, parents/guardians or school employees. Any investigation of a report may include meetings with students, parents/guardians or employees; a review of student records; and other reasonable efforts to better understand the facts surrounding a reported incident. Consequences for students who are found to have bullied others may include but are not limited to: counseling, a parent/guardian conference, detention, suspension, expulsion, a loss of school privileges and/or exclusion from school-
sponsored activities. Depending upon the severity of a particular situation, the building principals or their designee may also take appropriate steps for student safety.

**Threats (Refer to Policy No. 218.2)**
By order of the courts, Delaware County has a **Zero Tolerance Policy** about threats. Any statement issued by a student that constitutes a threat to another person or to property will be taken seriously and will be investigated. Parents/Guardians will be contacted and appropriate agencies may necessarily become involved if the threat poses an imminent danger to people or property. Students and families must understand that even though a student may have issued a comment in jest or in a joking manner, we must still investigate these statements until we are convinced that no malice was intended. Because it is extremely difficult for us to determine intent on the part of the speaker, we are required to treat such comments as threats.

**Weapons (Refer to Policy No. 218.1)**
Students may not bring any weapon onto school property, school transportation, or to a school sponsored activity. For the purpose of this policy, weapons include but are not limited to any knife, cutting instrument, cutting tool, firearm, shotgun, rifle, and any other tool, instrument, or implement capable of inflicting serious bodily injury. Violation of this policy may result in expulsion for a period of up to one year.
STUDENT ASSESSMENT

Student Progress
Elementary Standards-Based Progress Reports are issued in November, March, and June for all student in kindergarten through fifth grade. For elementary students, a Progress Report provides information to parents/guardians on a student’s continual advancement towards mastery of grade level content and skills. Since standards are supported by classroom instruction using standards-based texts and standards-based lessons, standards based progress reports inform parents/guardians specifically about what students know and are able to do and align more closely to our curriculum materials, instructional practices, and assessment systems.

Parents/Guardians will be able to use Home Access Center (HAC) using a password-protected system to review their child(ren)’s Progress Report during a period of time just prior to each trimester.

Academic performance is rated on a 1-4 scale indicating 4-Exceptional, 3-Satisfactory, 2-More Time and Help Needed, and 1 Not Meeting Standards.

For additional information please visit www.rtsd.org and under Our District tab, and click on Teaching and Learning.

Standardized Testing Program
Data help us make decisions about instruction, strategies, materials, and appropriate interventions for students. We use the phrase “data-informed decision-making” to describe this practice that is being used by schools all over the country.

Your children will participate in several opportunities to show us what they know and can do throughout their time in school. This begins as early as kindergarten when we evaluate a student’s awareness of the sounds and letters that make up our language. It continues through a series of group and/or individually administered assessments in subsequent year.

In first through fifth grade, students will participate in the Northwest Evaluation Association (Measures of Academic Progress, MAP), a computerized adaptive test in reading and math throughout the year.

In third, fourth, and fifth grades our students participate in the state-mandated testing program known as the Pennsylvania System of School Assessment (PSSA). This consists of assessments used to determine the strength of our curriculum and educational programs in English, Language Arts and Mathematics. These tests also help us identify students who need additional support to help them achieve. Every child is required to take these state-mandated tests, which involve six to eight hours to administer over a five-day period. Students in fourth grade are also required to take the PSSA Science exam.

It is very important that parents/guardians check the school district’s website and school calendars to review the full assessment calendar. It is critical that families avoid scheduling appointments or making travel plans which would result in an unexcused absence during the testing administration period.
The District encourages all students who are eligible to participate in these assessments and do their best. If, for religious reasons, any parent/guardian wishes to exempt their child (ren) from a particular state assessment, we ask you please follow the guidelines set forth by the Pennsylvania Department of Education and outlined on the RTSD website.

Under state law the school district is unable to grant a request to have a child exempt from taking the PSSA or Keystone assessment. The only allowable basis to be excused from testing is religious exemption.
ELEMENTARY SCHOOL STRUCTURE

Administration

Principal
Each elementary school is led by a full-time administrator responsible for the day-to-day operation of the building, policies, programs, and personnel. The principal oversees a varied staff including teachers, support staff, clerical personnel, and building maintenance workers. Our principal works year-round to plan and implement instructional programs, manage the budget, maintain the physical plant, interview and hire new staff members, and meet with parents/guardians and other community members.

The principal is ultimately responsible for the smooth operation of the entire building and our educational program. Parents/Guardians who have questions about the school’s policies, programs, and procedures, and want to discuss those questions with the principal must schedule an appointment in advance and indicate the nature of the request for a meeting. If we feel that another person closer to the issue can best respond to the question, we may direct the caller to that individual.

Assistant Principal/Assistant Director of Teaching and Learning
Each of the three elementary buildings is supported by either a full-time assistant principal or a part-time assistant director of teaching and learning. This individual is available to provide support to the building principal in conducting the day to day activities. Our assistant principals/assistant directors of teaching and learning are major contributors to the building leadership team, in helping to create a safe and caring place for children to learn and grow.

Professional staff

Classroom Teachers
Each student is assigned to a homeroom class. The homeroom teacher is primarily responsible for the basic subject of language arts, science and social studies. The average class size is approximately twenty students per homeroom, with priority given to smaller classes in the primary grades. The typical teacher holds and advanced degree or its equivalent and is an experienced teacher. Annual staff development activities provide a variety of opportunities for ongoing professional development and training in new teaching methods and the use of new materials. Our teachers regularly attend conferences and seminars, design and develop new curricula, and spend a great deal of their time outside of school enhancing the instructional experiences of our students.

Students who do not show mastery of upcoming content are instructed at grade-level instruction as well as provided reinforcement activities to make sure that essential learning is not missed. Students who demonstrate mastery of grade-level material will be provided with opportunities for extensions.

Specialists
Special subject areas such as art, music, library and physical education/wellness are
taught by certified teachers in these disciplines. Students attend these special classes, which meet for 50 minutes per week, with their homeroom group.

**Student Services**
Professional staff members are available to collaborate with parents/guardians and teachers in order to support students to attain academic success. These include: the Special Education and Gifted Education, English Language Learners teachers, the Student Resource Team (SRT), reading specialists, guidance counselor, school nurse, occupational and physical therapists, a speech and language clinician and school psychologists. Below are descriptions of the roles and responsibilities of these integral members of our professional staff.

**Special Education**
Our special education program offers support to students in the regular classroom and/or an alternative learning environment when students’ needs cannot be met in general education classroom. Services are related to the basic instructional areas—reading, writing, and math. As a result of the instructional support team process, additional testing might be recommended. Once data is compiled, the team meets with parents/guardians to determine if the student requires learning support. Parents/Guardians serve as integral members of the team to determine the need for intervention as well as to help design the Individualized Education Plan (IEP). The IEP lists broad and short-term goals and is reviewed annually to determine the child’s progress toward the goals. Meetings are scheduled to monitor progress and determine the need for continued services and the most appropriate placement.

To the extent possible, RTSD elementary school practice inclusion. Inclusion is the practice of educating students with disabilities with their typical peers in general education classrooms in their neighborhood schools. Inclusion simply means that a climate of acceptance is created. We focus on everyone’s abilities and possibilities rather than disabilities and limitations.

The decision to include a student and the degree of inclusion is made on a case by case basis. It is a decision that is made as part of the IEP process involving parents/guardians, teachers, specialists, and administrators. At the IEP planning meeting, the people involved will discuss the continuum of options that are available to meet the varying needs of students. This process is required by law and is designed to protect all students. For additional information on inclusion, please contact the principal, the Director of Student Services, or your child’s classroom teacher.

**Gifted Services**
The Radnor Township School District offers an array of services to meet students’ academic and intellectual needs. All children deserve to be taught at their instructional level; however, there are some students whose needs are so compelling that they are determined to require a gifted education plan. In order for an individual plan to be created, documentation of a child’s need must be established as defined by Chapter 16 of the Pennsylvania School Code. Mentally gifted is defined in the PA School Code as “Outstanding intellectual and creative ability, the development of which requires specially designed programs or support services or both, not ordinarily provided in the regular education program” (22 PA Code § 16.1). This need can only be determined through an evaluation conducted by a school psychologist.
trained to measure cognitive functioning and intellectual ability. There are three possible results that can occur from the evaluation:

- the student is not gifted and therefore is NOT ELIGIBLE for gifted placement and programming; OR
- the student is gifted but does not need specially designed instruction, and therefore is NOT ELIGIBLE for gifted placement and programming; OR
- the student is gifted AND is in need of specially designed instruction, and therefore IS ELIGIBLE for gifted placement and programming.

Once a student has been determined to require a Gifted Individualized Education Plan (GIEP) the team, which includes parents/guardians, teachers, administrators, or designee(s), and the student, if appropriate, determines the extent and nature of gifted support guided by the identified strengths of the student. The GIEP document is reviewed annually to accommodate the changing needs of the learner.

It is important to remember that gifted education is a PLAN, not a program; a SERVICE, not a place. Students do not need to go to a designated place to have their gifted needs met. Any teacher of a gifted student may have responsibility for the student’s gifted educational goals and plan.

**English Learners (EL)**

All students new to the District, who speak a language other than English in the home, are required to complete a Home Language Survey to determine eligibility for EL services. The program’s major goal is to extend students’ English language skills in the areas of reading, writing, speaking, and listening. The EL proficiency teacher works collaboratively with classroom teachers to differentiate the core curriculum so students can reach proficiency in the core subjects.

**Student Resource Team (SRT)**

The Student SRT is a process that was developed to help maximize individual student success in the regular classroom. SRT is a positive, success oriented process which uses specific assessment and intervention techniques to help students achieve their potential in the school setting.

In our schools, each team is comprised of the principal, a counselor, a school psychologist, a nurse, a reading specialist, and teacher volunteers, as well as district support staff as needed. The school counselor and psychologist will co-facilitate the process.

The Student Resource Team process involves a four-step approach:

1. Identifying a student's need for academic or behavioral support
2. Determining the strategies needed to assist the student;
3. Implementing intervention strategies through a continuum of services;
4. Collecting and reviewing ongoing progress monitoring data

The strategies are evaluated by the team. If the teacher reports a positive change, then the strategies are continued. Additional interventions may be added to help the student continue
to maintain a proper level of success in the classroom.

The SRT process is a problem-solving model. At the core of the process is the belief that all students can learn and all students matter. SRT maximizes the teaching resources within schools by incorporating the best of regular and special education in a systematic search for what works.

**Humanities Coach**
Each elementary building has a designated Humanities Coach, who is a certified reading specialist. The primary responsibilities of the literacy coaches are the effective implementation of the literacy program and its related assessments and the professional development of the building staff. Coaches work closely with classroom teachers to monitor students’ progress in the area of literacy, administer and interpret individual reading tests, and lead curriculum development initiatives.

**Reading Specialist**
Each elementary building has a designated PA-certified reading specialist who is highly skilled in reading diagnostics and the remediation of reading difficulties. The reading specialist provides direct instruction to targeted small groups of students who are in need of remediation. In addition to working with student groups, the reading specialist orders and manages building literacy materials and resources, portfolios, and the annual assessment. The reading specialist is also a vital member of the building’s instructional support team (IST) and supports teachers with literacy instruction and assessment.

**Guidance Department**
The Guidance Counselor serves as an advocate for students, supporting them with the challenges that occur in and out of school. This is accomplished by:

- **Counseling** students individually, in small groups, and in the classroom
- **Consulting** with teachers, parents/guardians, administrators and support staff, and outside mental health professionals and agencies
- **Coordinating** school and family efforts to help students

Classroom lessons may include developmental issues common to all students such as social skills, problem solving, decision making, and getting along with others. Small groups may be formed to discuss topics such as moving to a new school, changing families, and making good choices. Individual students may meet with the counselor to discuss concerns such as being overwhelmed, fears, loss and working through individual friendship problems.

The Counselor works closely with teachers and parents/guardians to help create a successful school experience for all students. This can occur through a phone conversation, an appointment to meet in person, or the sharing of information on a variety of topics. Don’t hesitate to call with your questions and concerns.

**Health Services/Use of Medications (Refer to Policy No. 210)**
Our health department is staffed by a certified school nurse or licensed registered nurse to provide student health services. The nurse is available to administer first aid, maintain physical and immunization records, dispense medication, conduct health checks, and respond to health emergencies. Every school year the nurse will check and record height,
weight, and vision status for every child. Hearing is checked and recorded in kindergarten, first, second, and third grades. Periodically, the nurse will check for head lice if the need arises. Any concerns will be reported to parents/guardians promptly.

In consideration of other families, please abide by the following requests concerning the health of your child:

- While we can address emergencies, we do not have adequate facilities to keep a sick child all day long. Children who wake in the morning feeling ill should remain at home where they will receive proper care. Families of children who arrive at school ill will be contacted to come to the school and take their children home.
- Please notify the school nurse if there are restrictions caused by a recent illness or other physical condition. A signed note from the physician must be presented if the child is to be excused from physical education activities. The child will still attend physical education classes and be excused from participation in activities as indicated by the physician.
- Please notify the school nurse if your child has an allergy to foods, medicines, or insect bites by completely filling out the emergency cards. These are kept on file in the nurse’s office. Please be sure to give us directions to follow in case of an incident.
- To protect the safety and well-being of others, families must notify the school nurse as soon as possible if a child has a communicable disease. Students will be permitted to return to school only when they present a signed note from the physician indicating that the contagious period has passed.
- In the event of injuries occurring at school, school personnel will administer only first aid. If, in the judgment of the school personnel, an injury requires more than first aid, we will follow these procedures:
  - Contact the parent or guardian to inform them of the nature of the situation
  - If the parent/guardian cannot be reached, the child’s physician will be called
  - In emergency situations where immediate attention is deemed necessary, the school will contact the local ambulance service to provide immediate care at the school site before transporting the child to the nearest hospital for treatment. We will contact parents/guardians as soon as possible but will not delay treatment in a life-threatening emergency until a family member can be reached

Drugs, including analgesics, can be administered by the nurse or a designee only upon written order of the family physician. Over-the-counter medications such as cough drops, pain relievers, or antihistamine must be sent to the nurse’s office in their original containers, labeled with the student’s name.

Prescription medications MUST be in their original containers and include all of the following information before we can administer the medication:

Name of Child __________________________________________
Name of Physician _______________________________________
Physician’s Office Phone Number __________________________

36
Date of Order

Name of Medication

Time for Medication to be Dispensed

Dosage

Doctor’s Order in Written Form

**Occupation and Physical Therapy**

Our physical and occupational therapists help children with physical limitations access and adapt to their school environment so they can get the most benefit from their educational experiences. Therapists also consult with teachers regarding modifications in the classroom to accommodate the physical needs of students. This related service is provided through Pediatric Therapeutic Services. For additional information, please contact the school office.

**Speech and Language Clinician**

Children with speech and language needs may be referred for evaluation of communication skills. Students who require specially designed instruction may be enrolled in ongoing individual or small group sessions under the direction of a speech and language clinician. The need for these services is determined at a meeting of the instructional support team, which parents/guardians are invited to attend.

**Psychological Services**

School psychologists are available to observe student behavior, administer individual evaluations to students, make recommendations to teachers and the principal, and meet with parents/guardians to discuss the findings. With parent/guardian permission, one of our psychologists will administer appropriate tests to gather additional data in planning educational programs for students of all abilities.

Requests for psychological testing and other services are often submitted by teachers, the principal, or the SRT team, and must be arranged through the Director of Pupil Services. Parents/Guardians may also request in writing a multi-disciplinary evaluation for their child, or may request it verbally, but it must be followed up in writing.
PARENTS/GUARDIANS AS PARTNERS

Parent/Guardian-Teacher Conferences
Parent/Guardian-teacher conferences are held twice each year in conjunction with student progress summaries. These scheduled conference dates appear on the school calendar. Please note that school is not in session for students during these conference days. In addition to conferences with the regular classroom teacher, families may request a conference with a specialist (i.e. art, music, physical education, learning support, gifted support, etc.).

Parents/Guardians will be contacted prior to the scheduled conference days indicating the date and time for the conference. Many teachers ask parents/guardians to indicate preferred conference times during the annual open house in the fall. Our teachers will make every effort to schedule conferences at a time convenient for parents/guardians. A few early morning or late afternoon times are made available, but these time slots are limited. We urge families to make arrangements with their employer to have some time during the work day for these important meetings, which are held twice each year.

The conference is an opportunity for the teacher and parents/guardians to discuss a child’s academic progress and personal and social development. At the conference parents/guardians will have the opportunity to review samples of their child’s work. These samples are housed in the student’s portfolio. Requests for conferences with the child’s teacher or other specialist teachers (i.e. art, music, physical education, etc.) at times during the year other than the scheduled times should be made directly with the teacher. This includes both individual appointments and phone conferences.

Parent-Teacher Organization (PTO)
Every parent/guardian and teacher is automatically a member of the PTO. Meetings are held periodically during the school year where all business is conducted, all committee reports are presented, and information is presented about programs and events. Guest speakers are often invited to discuss current school and district issues.

Volunteers and Homeroom Parents/Guardians
Please refer to the Radnor Township District website for detailed information referring to volunteers and homeroom parents/guardians. The address of the website is: http://www.rtsd.org/Domain/1299

Younger Siblings
In order to maintain an instructional atmosphere, we ask that parents/guardians who are visiting or volunteering in classrooms not bring younger siblings, infants, or preschoolers. Please make appropriate child care arrangements.
FAMILY EDUCATIONAL RIGHTS and PRIVACY (FERPA)

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents/guardians certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students.”

1. Parents or eligible students have the right to inspect and review the student’s education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents/guardians or eligible students to review the records. Schools may charge a fee for copies.

2. Parents/Guardians or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent/guardian or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent/guardian or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

3. Generally, schools must have written permission from the parent/guardian or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

   - School officials with legitimate educational interest;
   - Other schools to which a student is transferring;
   - Specified officials for audit or evaluation purposes;
   - Appropriate parties in connection with financial aid to a student;
   - Organizations conducting certain studies for or on behalf of the school;
   - Accrediting organizations;
   - To comply with a judicial order or lawfully issued subpoena;
   - Appropriate officials in cases of health and safety emergencies; and
   - State and local authorities, within a juvenile justice system, pursuant to specific state law.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents/guardians and eligible students about directory information and allow parents/guardians and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents/guardians and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTO bulletin, student handbook, or newspaper article) is left to the discretion of each school. For additional
information contact the Office of Student Services, Radnor Township School District.
RTSD VERIFICATION of RESIDENCY and ELIGIBILITY for EDUCATIONAL SERVICES

Pennsylvania Public School Code, Sections 1301, 1302, 1305, 1306, 1309, 1310, and 1316 contain the state law regarding enrollment and eligibility to attend the local public school where the parent/guardian of a school-age student resides and the eligibility of certain nonresident students attending public schools. Radnor Township School District School Board Policy # 200 Enrollment in District, #201 Admission of Students, and #202 Eligibility of Nonresident Students, in accordance with the state laws above, are the policies that govern your student initial and continued eligibility to attend school in the Radnor Township School District. Therefore, it is important to notify your child’s school if you or your child’s living arrangements change at any time during the school year.

Please carefully review the following items that may impact your child’s eligibility to attend school in the Radnor Township School District.

You or your child has moved.
If you or your child has moved or will be moving at any time to a different location within Radnor Township or no longer reside in Radnor Township, you must immediately notify your child’s school regarding your current address and continued eligibility to attend Radnor schools. Failure to do so may result in your child’s withdrawal from school and legal proceedings against you to recover tuition and other associated fees regarding your child’s removal from school.

You are keeping a school-aged child whose parents/guardians reside elsewhere.
If you are keeping a school-age child in your home, whose parents or guardians reside elsewhere, you must complete and submit an Affidavit of Residency form before the start of each school year. This form constitutes a sworn statement that you are providing gratis support to the school-age child as if he/she was your own, and that the living arrangement is continuous and not just for the school year or solely for the purpose of attending school in Radnor Township. If you have previously completed an Affidavit of Residency form, a form will be mailed to you prior to the start of the school year. If you do not receive the form, please contact the child’s school to make arrangements to receive a copy of the Affidavit of Residency. A new Affidavit of Residency must be completed each year for each child and submitted with proof of residency. See below for acceptable proof of residency documents. These forms must be signed and notarized in the presence of a Notary Public. Failure to do so may result in your child’s withdrawal from school and legal proceedings against you to recover tuition and other associated fees regarding your child’s removal from school. In addition, any false information provided by you regarding residency could result in your personal liability for tuition and/or criminal prosecution.
You are the parent/guardian of a school-age child and you and your child are living with a Radnor Township Resident (including a family member).

If you are the parent or guardian of a school-age child who attends public school in the Radnor Township School District and you are residing in the home of a Radnor Township resident, including family members, you must complete a Multiple Occupancy Registration before the start of each school year. The Multiple Occupancy Registration process contains two affidavits: an Application for Multiple Occupancy that is completed by the child’s parent/guardian, and the Certificate of Multiple Occupancy that is completed by the Radnor Township resident with whom you reside. A new Application for Multiple Occupancy and a Certificate of Multiple Occupancy form must be completed each year and submitted with proof of residency. See below for acceptable proof of residency documents. If you have previously completed an Application for Multiple Occupancy and a Certificate of Multiple Occupancy form, the forms will be mailed to you prior to the start of the school year. If you do not receive the forms, please contact your child’s school to make arrangements to receive a copy of the Application for Multiple Occupancy and the Certificate of Multiple Occupancy forms. These forms must be signed and notarized in the presence of a Notary Public. Failure to do so may result in your child’s withdrawal from school and legal proceedings against you to recover tuition and other associated fees regarding your child’s removal from school. In addition, any false information provided by you regarding residency could result in your personal liability for tuition and/or criminal prosecution.

**Acceptable proof of residency documents**

Parents/Guardians must provide three proofs of residency including ONE of the following: original lease or deed signed by both parties, mortgage payment booklet, or agreement of sale followed by original copy of settlement papers within 45 calendar days of settlement. PLUS any TWO of the following showing identical name and address: valid driver’s license, valid vehicle owner’s card, current utility bill, paycheck stub containing home address, tax bill or sewer bill.

If you have any questions regarding the above requirements, the school district polices, or questions regarding your child’s specific eligibility for enrollment in school, please contact your child’s school for assistance.

**ANNUAL NOTICE of SPECIAL EDUCATION SERVICES**

The Annual Notice of Special Education Services is posted in the Delaware County Daily Times prior to the beginning of each school year in August. A full copy of this posting, also called the Child Find Notice, is available in the front foyer of the Radnor Township School District administration building and the Office of Student Services at 610-688-8100 x6071.
The Radnor Township School District provides – without cost to parents/guardians – screenings, evaluations, appropriate programs, and services to all students thought to be exceptional and in need of specially designed instruction, from age 5 through the end of the school year that the student turns 21. These programs and services are made available to children who meet the qualifications of being a student with intellectually disabled (at times referred to as mental retardation), hearing impairments including deafness, speech or language impairments, visual impairments including blindness, emotional disturbance, multiple disabilities, orthopedic impairments, autism, traumatic brain injury, other health impairments, and specific learning disability.

School-age children who do not meet the eligibility criteria outlined above may be eligible for special protections and for adaptations and accommodations in instruction, facilities, and activities under the Americans with Disabilities Act. Children are entitled to such protections, adaptations, and/or accommodations if they have a diagnosed mental or physical disability that substantially limits or prohibits participation in or access to an aspect(s) of the school program.

Public schools must educate children to the maximum extent appropriate in the regular education setting and they must receive instruction that conforms as much as possible to the instruction received by non-disabled students. Depending on the nature and severity of the disability, Radnor Township School District can provide programs and services beginning in the least restrictive environment to the most restrictive setting in the one of the following.

- The public school the child would attend if not disabled
- An alternative regular public school either in or outside of the district
- A special education program or center operated by a public school entity
- An approved private school or other private facility licensed to serve children with disabilities
- A residential school
- An approved out-of-state program in the home

The school district has established procedures to search out children who may qualify for special services. These procedures are to identify children with disabilities in order to provide them with a free, appropriate and public education and include ongoing group and individual student screenings, parent/guardian referrals, teacher referrals and school team referrals. Information about students with disabilities is collected and maintained by the School District. However, personally identifiable information on all children is confidential and protected by the school district’s policy student records.
Screening activities conducted by the District may include but are not limited to:

- Ongoing analysis of the student’s response to instruction and to statewide and district-wide assessments
- Team-based baseline assessment and analysis of the child’s response to individualized academic or behavioral intervention over a period of up to 60 days in response to a request by the child’s teacher, parent/guardian, or other concerned school personnel
- Health screenings

Special education services are provided according to the primary educational needs of the child and not the category of disability. Educational services available include:

- Learning support
- Life skills support
- Emotional support
- Deaf or hearing impaired support, blind or visually impaired support, physical support, autistic support
- Multiple disabilities support
- Related services such as speech and language support, occupational therapy, physical therapy, nursing services, audiologist services, counseling, and family training.

Children of preschool age (age 3 to 5) are served by the Delaware County Intermediate Unit (610-938-9000) in a variety of home and school-based programs that take into account the chronological and developmental age and primary needs of the child. As with school-age programs, preschool programs must ensure that to the maximum extent appropriate, children with disabilities are educated with non-disabled peers.

For further information regarding the Child Find process and related parent/guardian rights and protections, or other student services or special education information, please contact the Director of Student Services and Special Education of the Radnor Township School District at 610-688-8100 x6071.
PARENT/GUARDIAN NOTIFICATION REGARDING FEDERAL FUNDING

Wayne Elementary School receives federal funds under Title I. To learn more about Title I funding, student qualification to receive Title I services and parent/guardian engagement activities offered through Title I, please visit the following link:
