

**How long can my children stay on my benefits?**

Under the Affordable Care Act, dependent children may be enrolled on your plan of benefits through the end of the month in which they turn age 26, if they do not have access to coverage elsewhere. Beginning in 2014, however, young adults under age 26 can be enrolled even if they are: married, not living with you, attending school, not financially dependent on you, eligible to enroll in their employer's plan.
