

How do I find a book on my child's level?

Go to <http://www.rtsd.org/res>

Click on Library → scroll down to DESTINY → click on DESTINY to access our OPAC.

While in the search screen in OPAC, change the reading program to say, **Fountas and Pinnell**. (see screen shots below) Then select your child's range in levels. For example, N-O. You can hit enter to do a keyword search or be more specific and enter a topic in the search screen and then hit subject. (For example, sports, friendships, family, etc.) If you have additional questions, please contact Mrs. Amy Piechotta at the RES library X2375
