The **PTO New Family Welcoming Committee** invites all new incoming 1st to 5th grade students and their families/guardians to a special welcome event at our school. Meet our new principal **Dr. Anthony Stevenson** and the PTO New Family Welcoming Committee. We will be there to introduce you to other new families and answer your questions. Your children will be taken on a school tour by our RES student ambassadors, take part in fun orientation activities and get to meet other students in their grades. This event will provide a great opportunity to begin your integration into the RES community. We look forward to meeting as many of you as possible.

Light refreshments will be served.
