**NWEA Norms Study Resources**

Norms study resources help you use and interpret the NWEA RIT Scale Norms data. Resources include the Norms Study documentation, Growth Projection Calculator, Norms Study Data Files, and School Growth Study. You'll find the norms study resources [here](#).

**MAP for Primary Grades**

After testing, access your MAP for Primary Grades reports by clicking on the MAP for Primary Grades link in the left navigation bar.

**DesCartes: A Continuum of Learning**

Unleash Potential.

By asking relevant, thoughtful questions, educators can have a lasting impact on student learning. DesCartes is one such tool that allows educators insight into student understanding.

**Dynamic Reporting Suite**

The dynamic reporting suite is a new reporting platform that simplifies data analysis and offers classroom tools to apply test scores directly to instruction.

Without digging through pages of data or piles of numbers, at-a-glance analytical tools present information regarding the status of students (individually, by class, by grade, or by a school) relative to growth, proficiency, and norms. These data are easily accessed and analyzed, empowering educators to take meaningful action.

**To use DesCartes:**

1. Select the subject in the left column.
2. Select the goal area in the right column.
3. Select the RIT range in the list below.
4. A new browser window will open with Adobe Reader<sup>®</sup> and the requested page will display.
5. Refer to the [Annotated Page](#) for explanation of the results.

**\*Note: Adobe Reader is required to view DesCartes online.**

**Please select from the following subjects:**
