RADNOR
Student Assistance Program

RMS SAP

Information for Students

Being a Teenager can be stressful at times. Sometimes the many changes and pressures you or your friends face can be overwhelming. The RMS SAP team is here to help.

Radnor Township School District
Wayne, Pennsylvania 19087

What is RMS SAP?

At Radnor Middle School, the SAP Team is referred to as RMS SAP. SAP is a state-mandated program developed to help you or your friends deal with concerns that are preventing success in school. Some concerns could be academic, behavioral, attendance, or health-focused.

Are You or a Friend:

- Having trouble keeping up your grades?
- Not enjoying your favorite activities like you used to?
- Being bullied or harassed?
- Experimenting with or using alcohol or drugs?
- Feeling emotionally overwhelmed?
- Having thoughts or hurting yourself or others?
- Dealing with major changes in your life?
- Being hurt emotionally or physically by someone else?
- Not getting along with others?
- Dealing with the illness or death of someone close to you?
- Adjusting to a new school?

What Should I Do Next?

Speak to a member of the RMS SAP Team or other school staff and fill out a referral form (not disciplinary). The forms are located at the Guidance Office, 2nd floor bridge, and outside the cafeteria. Parents, school staff, and students can make referrals.

If you are worried about talking to your parents/guardians about your concerns, or about being involved in RMS SAP, someone on the Team can explain RMS SAP to you and your parents/guardians. There are many adults in school who care about you and want to help.

How Confidential is the Process?

Confidentiality is important; therefore, every effort is made to respect the privacy of the student and family. Concerns discussed at RMS SAP are not shared with all school staff.

What Happens After I am in the Program?

You, your parents/guardian, and the RMS SAP Team will work together to figure out ways to help you deal with the concerns you are facing. This might include activities like support groups, working with a mentor, or even getting extra homework help. The Team can also help you and your parents/guardian find services in your community that can help.
